- **10/18**, 2:00pm – 3:00pm: Community Engagement Committee

CNY Marketing Resources & Strategies Community

Open communication and strong sense of community are two things we deeply believe in at CNY – it's even in our Strategic Plan:

"Goal 1-2: Create opportunities for staff at all levels and various functions to come together to share ideas and generate recommendations for initiatives."

In the spirit of collaboration and furthering our consortium, we have created a Basecamp site for sharing marketing resources and strategies. This is a non-working group, non-committee community that is open to anyone who has an interest in these topics. We have elected to use Basecamp to facilitate communications and document sharing. If you would like to join the community, please email sprobst@connectny.org.

A hearty "thank you!" to Tatiana Bryant at Adelphi University for starting this conversation about a marketing community of practice.

As we move forward as an organization, we hope to establish more of these open communities to foster expertise sharing.

Engaging with the ACRL Framework

Overview: Throughout this workshop participants will explore concepts and pedagogical approaches outlined in the *Framework* and their significance to their own instructional work. Attendees will apply their learning and reflection to creating instruction plans for their local contexts and considering possibilities for growing teaching partnerships.

Last day to register for the workshop is October 10! Please use this link to register: https://senylrc.regfox.com/acrl-framework

Additional information, including the day's schedule, is available from Marist College: http://libguides.marist.edu/acrlframework

ELD Bag Labels

We have received notification that several institutions are still using incorrectly formatted bag labels. Please remember that not following ELD specifications can result in lost items and significant delays for patrons.

Properly formatted bag labels for each institution are available for download at:
http://connectny.org/for-staff/

Bag label specifications can be found on ELD's website:
https://www.esln.org/services/empire-library-delivery/#eld-faqs

Please contact sprobst@connectny.org with any questions or concerns.

FOLIO Day at RPI

There's still time to sign up for this free event! For registration visit:
https://www.eventbrite.com/e/folio-day-cny-rpi-tickets-37416675283

From EBSCO:

"Join fellow librarians as we explore the future of library technology. Discuss the FOLIO project, a community collaboration to develop an open source platform that will support traditional library management functionality and is built for innovation. Help envision the future of your library!"

Statista

We had wonderful turn outs for both Statista webinars with Mike Pinto in September! If you were unable to attend one of the sessions and would like a demo, please email sprobst@connectny.org.

Look for a survey towards the end of this month to report your thoughts on Statista.

CNY Communications Survey

We want to know your thoughts! In an effort to inform our future communications plan, we have developed a short 7-question survey about current CNY communications.

Please use this link: http://connectny.libwizard.com/loader.php?id=4f8d8d364ed3463785806e4a27ffe2df

If you elect to enter your email address, you will be entered into a drawing for a box full of goodies from the CNY office! The survey will be available from 10/3 – 10/20 and the drawing will occur 10/23.
