## Collaboration Day 2018: Report

May 23rd was a beautiful day for collaboration and networking in Rochester! Over 50 staff members from across the state traveled to RIT to discuss a multitude of topics ranging from e-books to access service best practices to discovery layers. CNY Executive Director, Pam Jones, provided updates on CNY and the E-book Program. Nancy Grimaldi, EBSCO representative, discussed their Magazine Archives and their potential instruction usages. A panel comprised of Pat Hults (RPI), Ali Larsen (Siena), Mike Arden (USMA), and Pam Jones tackled issues related to e-book records, e-resources licensing, and developing custom solutions for EDS. Committee reports were delivered as a poster session this year, giving attendees the opportunity to ask questions of and give feedback to Committee members. Participants had the option to attend afternoon breakout sessions facilitated by Tom Orrange (Medaille), Ken Herold (Adelphi), Matt Kochan (Canisius), and Sarah Probst. The day wrapped up with report outs from the session facilitators and a raffle drawing.

All presentations, posters, and handouts are available for viewing and download here: [https://www.dropbox.com/sh/z1sq1eamm0s56pu/AAC0VvX-RQ4gPpRFho3xTfT\\_a?dl=0](https://www.dropbox.com/sh/z1sq1eamm0s56pu/AAC0VvX-RQ4gPpRFho3xTfT_a?dl=0)

A huge thank you to RIT and everyone who was able to attend CNY's 2018 Collaboration Day!

## Did You Know... ?

- ▶ CNY can reimburse your institution for items lost in transit! Visit the Policies section of the [CNY For Staff](#) page for details.
- ▶ Interested in open access and open data? [OpenCon](#) has announced that this year's meeting will be November 2 - 4 in Toronto! Applications for attendance will open June 12.

## Implementation Updates

Pratt Institute (VZQ) has completed their implementation and is now live with RapidILL and participating in the ConnectNY Pod. Marist College has begun their RSB (previously called DCB) implementation. Based on the current timeline, we anticipate that Marist will be live on INN-Reach by the end of August 2018.

### New Community of Interest

CNY is starting a new community of interest - Access Services!

The purpose of this community is twofold:

- ▶ Support access services staff at all institutions
- ▶ Collaboratively develop best practice recommendations for CNY access services

Like our other communities of interest, the Access Services Community will be organized in Basecamp for ease of communication and document sharing. Any staff member involved in access services is invited to join the community!

COIs are open to all staff at CNY member institutions. These communities are great places to ask questions, offer suggestions, and engage in discussion with your CNY colleagues. Anyone interested in joining a COI should email Sarah Probst at [sprobst@connectny.org](mailto:sprobst@connectny.org)

CNY Communities of Interest:

- ▶ Access Services
- ▶ Discovery Layers
- ▶ Marketing Resources & Strategies

### EBSCO Magazine Archives - Offer Extended
