Big News! CNY will be an early adopter of ReShare! The CNY Board voted to end CNY’s contract with Innovative Interfaces on June 30, 2021 and move to ReShare at their November meeting. We will contract with Index Data to provide ReShare services. The go-live goal date is mid-August 2021.

So, how will we shut down our INN-Reach system and bring up ReShare? In March 2021, all borrowing, lending, and requesting in INN-Reach will be shut off and our member libraries will begin to “wind down” circulation with a goal of clearing all INN-Reach circulation before June 30, 2021. We will have the assistance of a team at Innovative to guide everyone through the process. Once the contract with Index Data is signed, I will communicate the timeline for implementing ReShare. Watch for a Town Hall event in the near future to learn more!

The Board also voted to accept my offer to continue working for CNY on a part-time basis beginning July 1, 2021. I was originally intending to retire in 2021, but the financial challenges of the pandemic made me realize I still have work to accomplish on behalf of CNY. I am looking forward to leading CNY through the migration to ReShare.

Best wishes to you and your loved ones throughout the holiday season!
EBSCO invites CNY members to join us on December 15th to learn about EBSCO FOLIO. This session will review how EBSCO is helping libraries to migrate to FOLIO, provide a high level demo on the FOLIO experience so that you can get your hands dirty with some exciting new technology, and learn about what new capabilities are coming in the next few releases of FOLIO.

Hosted by Andrew Nagy, Director of SaaS Innovation, who will walk through FOLIO apps and how EBSCO is helping libraries become more efficient and effective with adopting FOLIO.

CC-PLUS is an open source platform enabling consortia worldwide to manage their libraries' usage data through a single interface, automate their data harvesting, and make data-informed decisions regarding their investments in electronic resources.

In this meeting, Kelly Farrell, Triangle Research Libraries Network, will talk about how individuals can get involved with Project ReShare and how institutions and consortia can join as members.
WE MET WITH NANCY IN JULY AS SHE DISCUSSED HOW TO BEGIN TO BUILD A SENSE OF INCLUSION AND BELONGING IN OUR LIBRARIES AND ORGANIZATIONS.

THIS SECOND WORKSHOP, "BUILDING BELONGING" TAKES US FROM TALKING TO DOING. WE’LL EXAMINE CHARACTERISTICS AND NORMS THAT MIGHT BE GETTING IN THE WAY OF BUILDING INCLUSION AND STRATEGIZE ABOUT HOW TO CHANGE THEM.

WE ENCOURAGE YOU TO BRING SEVERAL STAKEHOLDERS FROM YOUR ORGANIZATION, SO YOU CAN BEGIN TO ADDRESS CHALLENGES YOU MAY BE EXPERIENCING ON YOUR CAMPUS AND WALK AWAY WITH THE BEGINNINGS OF A PLAN FOR REAL CHANGE.

WE ENCOURAGE YOU TO BRING SEVERAL STAKEHOLDERS FROM YOUR ORGANIZATION, SO YOU CAN BEGIN TO ADDRESS CHALLENGES YOU MAY BE EXPERIENCING ON YOUR CAMPUS AND WALK AWAY WITH THE BEGINNINGS OF A PLAN FOR REAL CHANGE.
